

WEATHER AND WILDLIFE CALENDAR

MARCH TO JUNE

This time of year is cool in the mornings with an offshore breeze and warm during the day. April marks the beginning of the season for swimming with **whale shark**. Evenings are cool and still.

JULY TO SEPTEMBER

Nights will be cool with warm days. **Humpback whales** are regularly sighted offshore and from July you can swim with them on optional boat excursions (additional cost). **Manta rays** can be found offshore.

OCTOBER TO NOVEMBER

Temperatures are hot throughout the day, with a cool sea breeze. **The humpback whales** return south. We close in mid-November.
